Be the One

Ways to support our mission

Our employees are hardworking folks and we always strive to reward individuals for their accomplishments. Often the smallest gestures mean the most. We are seeking donations for our "Prize Rooms" in our service locations.

Please consider a donation of books, promotional items (cups, pens, notebooks), cd's/dvd's, apparel, beauty care products, and similar small items. These small gifts will put a big smile on the faces of those we serve.

To donate items, email Aaron Martin at amartin@job1one.org.

Watch: JobOne Shining Stars

www.Job1One.org

Did you know that Missouri's Sheltered Workshop Corporations are subject to the state's Sunshine Law? This means that all of our board and committee meetings are open to the public and that many corporate records are available to the public upon request. The reason for this is that agencies like JobOne receive a sizable appropriation from the Missouri Legislature each year. We invite all of our stakeholders to attend our board meetings. We typically meet the third Wednesday of each month at 5:30pm at one of our workshop facilities.

See the agency calendar for more information at www.job1one.org.

Business with Purpose

Welcome to the first edition of *ConnectOne*

We hope you enjoy this first edition of *ConnectOne*, JobOne's new quarterly community e-newsletter. *ConnectOne* was created to connect our business clients, community partners, donors, volunteers, employees, staff, and board to share progress updates and JobOne news.

Because of you, our dedicated partners and supporters, we are able to provide meaningful job opportunities for over 300 adults with disabilities across the Kansas City region. We are proud to say JobOne success stories happen each day across our 15 employment sites. We look forward to sharing some of those stories with you here.

@WORK

Co-worker reunion brings big smiles

Natalie Kemp, Independence JobOne Receptionist, received a surprise visit from former co-worker, Jean Vernon. Natalie worked with Jean for many years at UMB, a community employment site of JobOne. Jean retired a few years ago

Jean Vernon and Natalie Kemp

and moved to Atlanta to be near her daughter and grandsons. Although Natalie and Jean stay in touch, this is the first visit they have had since Jean left the area. We think the picture tells the story. Natalie, Jean, and Kelly Logan enjoyed lunch out and a wonderful visit. We miss Jean so much and were thrilled to be able to spend quality time with her. The best part of the visit was Natalie's face when she first saw Jean.
